

Highest Honors Paid Hoover In Capital Today

WASHINGTON (AP) — Herbert Clark Hoover returns in death today to receive highest funeral honors in a capital where he served as 31st president.

President Johnson leads the country in the tributes to a man he has called "a wise American — a humanitarian citizen of all mankind."

Johnson arranged to meet the funeral train as it arrived from New York in early afternoon, and escort the caisson to the great rotunda of the Capitol. There the catafalque that bore the bodies of Abraham Lincoln and John F. Kennedy was readied.

The ceremonies include the firing of a 21-gun salute, ruffles and flourishes from military bands, the playing of "Hail to the Chief" and such songs as "America the Beautiful."

Neither of the country's two living former presidents was able to attend today's ceremonies. Dwight D. Eisenhower was in Walter Reed Army Medical Center here for treatment of a painful cough and inflammation of his windpipe. Harry S. Truman is convalescing at his Independence, Mo., home from the effects of a fall.

At about 2 p.m., Eastern Standard Time, the rotunda was to be opened to the public until 8 p.m., or later if necessary. Sunday the body is to be flown to Iowa, for burial in Hoover's native town, West Branch.

Soviet Buildup In Cuba Denied

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara said Thursday "there have been no movements" of Soviet troops into Cuba.

McNamara said this at a news conference when asked about reports of a new buildup in Communist Cuba.

Harry F. Stimson Jr., a campaign aide of Republican presidential candidate Barry Goldwater said in Bay City, Mich., Wednesday that the Soviet Union is again enlarging its contingent of troops in Cuba. Stimson said his information came from Cuban defectors and from refugee publications.

"We have no information of that kind," McNamara said of the buildup reports.

"I do not believe it has occurred," he said.

The defense secretary said that the United States would know of any such development and added "I do want to assure you that we are maintaining surveillance" over the island and its approaches.

He suggested it was too early after the recent change in the Soviet government to expect any such move by the new leaders.

No U.S. Security Break Is Found In Jenkins Case

WASHINGTON (AP) — The FBI says it has conducted an extensive investigation of Walter W. Jenkins and found no evidence that President Johnson's top aid for 25 years compromised the security or interests of the United States in any manner.

Jenkins resigned at Johnson's request on Oct. 14 after it became public knowledge that the special presidential assistant had been arrested at the YMCA here on morals charges in 1959 and again last Oct. 7.

In reporting to Johnson Thursday night on the investigation he had ordered, the FBI said:

"It found that Jenkins 'had limited association with some individuals who are alleged to be, or who admittedly are, sex deviates' but there is no information reported to indicate he 'ever had improper acts with them.'"

Jenkins "admitted having engaged in the indecent acts for which he was arrested in 1959 and 1964." He said that he had not known Andy Choka, with whom he was arrested on Oct. 7.

He told the FBI no attempt had ever been made to compromise or blackmail him.

Jenkins said he was "enticed" by the arresting officer in 1959

Eisenhower Has Painful Cough

WASHINGTON (AP) — Former President Dwight D. Eisenhower — stricken suddenly with a painful cough and raw throat — is in Walter Reed Army Medical Center to guard against complications.

His condition was described as satisfactory, save for the moderately severe inflammation of his windpipe and bronchial tubes.

His doctors — prescribing antibiotics — expect improvement today or Saturday.

The quick entry into the hospital Thursday afternoon for an estimated seven to 10 day stay presumably takes the 74-year-old Republican out of the next stage of the election campaign.

So fast was the onset of the illness that an aide noticed only a slight huskiness in Eisenhower's voice the evening before.

But through the night it became worse. By Thursday morning the former president was so ill he had to drop plans to attend the New York City funeral services for another former president, Herbert Hoover, who died Tuesday at the age of 90.

McNamara Sees No Cause For U.S. Military Buildup

Both Romney And Staebler Expect To Win

DETROIT (AP) — With ten days to go in their campaign for Governor, George Romney and Neil Staebler each is confident he will win.

But while Gov. Romney admits "there is a problem of overconfidence," U. S. Rep. Staebler sees "people moving with me and buoying me up." "I expect to win," Romney said Thursday night after his third and final debate of the campaign with Democrat Staebler. "I haven't been speculating on by how much of a plurality."

Staebler admitted he's still trailing the governor according to the camp's polls. "I'm about four per cent behind with six per cent undecided," he said. This would mean 49 per cent Romney, 45 per cent Staebler, the others undecided. Romney's latest known poll, more than a month old, showed a shade over 50 per cent for him, 43 per cent for Staebler and the rest undecided.

Tough Opponent Staebler said he has enough time left to make up the four per cent difference and said he is running ahead of his rate of gain when he overcame Alvin Bentley at the end of a 1962 Congressional race.

Yet Staebler admitted Romney is a tougher opponent than Bentley and called him "the toughest candidate for governor the Republicans have ever put up."

Romney has exuded confidence throughout the campaign but said Thursday, "people at all levels indicate they don't know why I'm even campaigning. There is a problem of overconfidence."

He has begun to pointedly warn against this in talks to Republican volunteer organizations.

APPLAUSE ABOUT EVEN

DETROIT (AP)—Gov. George Romney and Congressman Neil Staebler hammered at familiar themes—and at each other—harder than ever Thursday.

The Republican and Democratic candidates for governor held their third formal debate of the campaign before the Detroit Press Club.

Although it was a spirited discussion, Romney and Staebler agreed on key issues: that the state has unparalleled prosperity and that it still has unmet problems.

Both claimed victory. Romney said he thought he won and "managed to clarify a few of his (Staebler's) distortions."

Staebler said he felt the debate "laid out the issues more clearly than ever."

Judging by applause the audience seemed to be nearly evenly divided between the two camps. That wasn't the case at their pro-Staebler AFL-CIO convention appearance or pro-Romney Detroit Economic Club encounter.

Court Frees 20 In Saigon Revolt

SAIGON, South Viet Nam (AP) — A military court acquitted today 20 persons accused of last month's attempt to overthrow Premier Nguyen Khanh.

The surprise decision freeing 13 military officers and seven civilians appeared linked with Khanh's drive to line up support before a new civilian government takes office next week.

The military will play a key role in the government and Khanh wants to run the military.

Earlier this week he released five generals he had been holding under arrest and promoted four generals and a colonel who supported him against the coup attempt Sept. 13.

The end of the nine-day-old trial followed a three-hour conference in the judge's chambers in which prosecution and defense attorneys and court officials participated. The chief judge, Maj. Gen. Nguyen Ngoc Le, then announced there was

Khrushchev No Longer Exists As Soviet Citizen

MOSCOW (AP) — Nikita Khrushchev has become an unpersoon.

For a week now there has been no public indication in the nation he long dominated that such a man ever existed.

His picture has disappeared from public places. His books are no longer heaped in display in stores.

The nearest that the men who shoved him aside have come to admitting there ever was a Khrushchev is attacks on leadership failures obviously attributed to him.

Criticism of the "cult of personality" used to mean Stalin. Now it means Khrushchev.

The attacks may soon become more direct, naming Khrushchev and attributing all sorts of sins to him. But, for the moment, he has been dropped down the memory hole.

That was the term George Orwell used in his book "1984" for the incinerator that destroyed records. When policy reasons in Orwell's imaginary state dictated that a person should not have existed, all references to him were dropped down the memory hole. Histories referring to him went that way and so did current material. He became an unpersoon.

There are no signs that the books are being destroyed here. That would be difficult.

Leonid I. Brezhnev, the new first secretary of the Soviet Communist party, and Alexei N. Kosygin, the new premier, have pledged to carry on such Khrushchev policies as peaceful coexistence and improvement of living standards. They referred to party meetings over the last eight years.

The policy positions of those meetings were set forth in speeches by Khrushchev. That may be the reason his books, collections of his speeches, are still available on a somewhat surreptitious basis.

The tide also is going out for Khrushchev's role in World War II.

Before he achieved power in the four years after Stalin died, Khrushchev was credited with only a small wartime part. In recent years he has loomed large in histories and anniversary articles, particularly on fighting in the Ukraine, where he was long the party boss.

The 20th anniversary of the liberation of the Ukraine from the Nazi armies would have been an occasion for lavish praise of Khrushchev's role. Instead, articles on it appearing after Khrushchev's ouster ignored him.

Fine New Zealand Saddle Will Be Sent To Johnson

AUCKLAND, New Zealand (AP) — Earl Trucker, Hawaiian rancher and a friend of President Johnson, has ordered a saddle of New Zealand leather for the President.

FOLLOWERS OF THE Chinese Communist Stalinist line put up these posters in Rome, hailing the downfall of Khrushchev, who blackened Stalin's reputation, as a vindication for Stalin. Signed by "The Chinese Comrades", the poster reads: "Roman Communists: Khrushchev has fallen. Stalin is vindicated. Long live the glorious Comrade Stalin." (AP Wirephoto via cable from Rome)

Strike At GM May End Sunday

DETROIT (AP)—Negotiators have been idle since Sept. 25 when 260,000 workers struck in support of demands.

Since, another 40,000 workers in the United States and Canada have been idled as a result of the strike.

A vote Sunday by striking United Auto Workers members across the country will decide whether GM can start making its new 1965 cars again.

The tieup, now two days short of one month, has idled 300,000 workers and brought a plea from President Johnson for speedy settlement to protect the national economy.

Lack of local level agreements at the UAW's 130 bargaining units has held up the full settlement.

As of today, agreements had been reached at 97 plants. General Motors and the union were negotiating at the remaining 37.

The UAW International said its individual locals will vote Sunday on three questions:

Whether to accept national contract terms, whether to accept local settlement, and whether to return to work without a local agreement.

A "nay" vote from any plant conceivably could keep General Motors still crippled.

With Ford and Chrysler, its major competitors, rolling out their new cars, General Motors

Hubert's Hotel Has Shooting

BOSTON (AP) — A motorcycle policeman fired three shots at a purse snatcher just outside a hotel where Democratic vice presidential nominee Hubert H. Humphrey was staying early today.

The shots, within a few hundred feet of the Minnesota senator's eighth floor suite at the Statler Hilton, touched off brief consternation there may have been an assassination attempt being made on Humphrey.

Boston police explained, however, that the motorcycle officer had fired three times as the second of two young handbag thieves raced from the hotel in the Back Bay section.

The other youth, 17 years old, was apprehended in the hotel lobby minutes after the two allegedly stole a purse from an employees' cloakroom. The second youth escaped in the crowd outside despite the shots.

Humphrey, who spent half a dozen hours in Boston on a campaign swing into New England, left the hotel for Logan Airport at 12:20 a.m., just 10 minutes after the shooting. It was not known whether he had heard the shots.

Humphrey left Boston about half an hour later for Washington, where he was to attend a memorial service for the late President Herbert Hoover today.

Earlier Humphrey addressed a meeting of the Associated Industries of Massachusetts, a predominantly Republican group.

Humphrey told the polite but unenthusiastic business group that Sen. Barry Goldwater's nomination for the presidency by the Republican party "produced some concern not only in political circles in the United States and among the top financiers and industrialists of America, but also in the political and financial circles of Europe, Asia and Latin America."

Kremlin Purge Discounted By Defense Chief

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara says neither the Kremlin shakeup nor Red China's nuclear detonation will bring any significant increase in next year's military budget.

Speaking of U.S. nuclear might Thursday at a news conference, he said "these forces are adequate to survive a surprise attack upon this country, and survive with sufficient power to strike back in such a way as to assure the simultaneous destruction of the Communist Chinese and the Soviet societies."

Budget 50 Billion

McNamara said it is too early to assess the military significance of the ouster of Nikita Khrushchev and other changes in the Soviet hierarchy. However, he voiced confidence that the United States' present conventional forces and battlefield nuclear weapons strength are enough to protect national security "for the foreseeable future."

"If there should be any indication of significant increases in Soviet forces, or Soviet military budgets, for example, we shall be able to take the necessary steps to counter these increases before they are effective," McNamara said.

All this suggests that the military budget for 1966 will again call for spending of about \$50 billion.

The defense secretary said the United States had anticipated for about three years Communist China's successful detonation of a nuclear device last week.

Chinese Lack Airpower

"The actual detonation, therefore, does not require any change in our strategic nuclear forces or the plans for those forces," he said.

Describing the device in the pioneer Chinese atomic blast as primitive — "large and unwieldy" and "difficult to deliver" — McNamara said "it represents a technology comparable to that of our devices of 15 or more years ago."

McNamara predicted it will be many years before China can "obtain the capability to inflict nuclear damage on this country or on our allies."

Their air force now, he said, is "small, relatively obsolete" and composed of about 80,000 men compared to the 800,000 in the U.S. Air Force.

Many of China's planes are obsolete Soviet-built MIGs which, he said, have short ranges and "no capability of carrying the type of nuclear weapons that China is likely to have at any time in the near future."

Budget Balanced As Supervisors Donate 36 Cents

OWOSSO (AP)—The budget wouldn't balance.

So, by passing an ash tray—closest thing anybody had to a hat—Shiawassee County's board of supervisors turned a deficit into a surplus Thursday on the money books for fiscal 1965.

The 26 men dug into their pockets and 36 cents clinked onto the table.

It made a 24-cent surplus. The books had been in the red by only 12 cents before.

To make it official, the supervisors gave the cash to county treasurer Glen Beebe and he wrote out a receipt.

More Red China Bombs Predicted

WASHINGTON (AP) — Ralph E. Lapp, a nuclear scientist, estimated today the Red Chinese have the capacity to produce "a nuclear bomb a month" and he expects another test shortly.

Dr. Lapp based his conclusions on the Atomic Energy Commission's announcement that Red China's first test device apparently employed uranium-235.

Lapp worked on the first A-bomb project but is no longer connected with the government's nuclear work.

Beetle Spraying Helicopter Hits Wires, Crashes

BATTLE CREEK (AP) — A helicopter from New Jersey crashed Thursday, injuring the pilot, while aiding in an anti-Japanese beetle land-spraying program.

The helicopter fell upside down on the I 94 median strip southeast of Battle Creek after hitting high tension wires, witnesses said.

Peter Swasay, 26, of Lambertville, N.J., the pilot, suffered head, leg and shoulder injuries. He was taken to Community Hospital here.

Helicopters and ground crews began spraying a 14,000-acre area Thursday with insecticide under a State Agriculture Department program.

State police said Swasay's helicopter, based near Trenton, N.J., and owned by New Jersey Helicopter Airways, Inc., was leased to a federal-state pest control project.

Mrs. Anderson Dies In Chicago

Mrs. Betty Anderson, wife of Ted Anderson of Chicago, former resident of Escanaba, died Saturday morning, Oct. 17, at the Lutheran General Hospital in Park Ridge, Ill., at the age of 54. Funeral services were held Tuesday morning at 11 from the North Austin Lutheran Church.

Mrs. Anderson is survived by her husband, two daughters, Mrs. Jean Kline and Mrs. John Shinsky of Chicago, a son, the Rev. Edward G. Anderson, pastor of the Prince of Peace Lutheran Church of Addison, Ill., and seven grandchildren.

Mr. and Mrs. Anderson had returned in August from a three week tour of several European countries including Norway, Sweden and Denmark. In Sweden they visited with six cousins and other relatives of Mr. Anderson. Mrs. Anderson was well known in Escanaba, having visited here many times with her husband.

Relatives attending the services were, Mr. and Mrs. John Pearce and Roy Olson of Escanaba, Mr. and Mrs. Herman Johnson, Mrs. Elmer Bolm and Miss Janice Bolm, Mrs. Jack Erickson and son Kris, all of Bark River, Mr. and Mrs. A. W. Biendarra of Green Bay, and Mrs. Richard Marquardt of Shawano. Mrs. Pearce, Mrs. Johnson, Mrs. Bolm and Mrs. Biendarra are all sisters of Mr. Anderson.

HONOREES AT THE Delta County Agricultural Boosters Association banquet at Marco's Thursday night were, from left: Mr. and Mrs. Jerome Verbrigghe, St. Nicholas, peas; Mr. and Mrs. George Terrien, Cornell, beans; Mr. and Mrs. Richard Peterson, Ensign; beef; Mr. and Mrs. Jim Collins,

Delta Farmers Get Crowns For 1964 Champions

John Bartella said "Wallace Cameron is funnier than George Jessel" and Dick Marenger said "This is Cameron Country!"

Cameron, Gladstone superintendent of schools, was a merry master of ceremonies at the second annual agricultural awards banquet of the Delta County Agricultural Boosters Assn. at Marco's Thursday night and set the mood for a pleasant program which honored seven of the county's agricultural leaders.

Eugene Graves was general chairman of the program, jointly sponsored by the Escanaba Chamber of Commerce, and the presentations of awards were made by seven individuals to the honorees and their wives.

Lloyd Lindstrom presented the bean award to George Terrien of Cornell, who grew 5,706 pounds per acre. "The fact that George Terrien won the dairy award a few years ago," said Lindstrom "indicates that he's a good all-around farmer."

Briefly Told

The Retail Gasoline Dealers Association of Michigan will meet at 7 p. m. next Wednesday at the Stone House. Cash B. Hawley, executive secretary-general manager, and George Mott, field representative, will discuss association projects, including sales tax collection.

Regular meeting of Escanaba Council 640, Knights of Columbus, will be held Monday at 8 p. m. at the club rooms. A meeting of officers, in advance of the meeting is scheduled for 7.

Leroy Hamilton presented the beef award to Richard Peterson of Ensign, who started a few years ago with a few heifers, now has 45 cows and is aiming at 100. A part-time farmer, he is an employee of the Harnischfeger Corp.

Dairying Leads
John Mitchell presented the dairy award to Mel Racicot of Schaffer, explaining that Delta's dairying accounts for \$1.5 million of its \$2.5 million annual farm income and that Racicot and his fellow Delta dairymen top state standards.

Forrest Henslee awarded the pea trophy to Jerome Verbrigghe of St. Nicholas. The county and adjoining areas grew 600 acres of peas under contract to the Hansen Canning Co. of Gladstone this year and Verbrigghe, a dairyman, grew 2,977 pounds of shelled peas per acre of 72,742 pounds on his 26 acre patch.

Earl Uecke presented the potato award to Joe Gryzbowski of Bark River, who's 80 acres of potatoes are the largest single operation in the county. The award went for use of good seed, good cultural practices and good marketing practices, excellent storage handling, etc. He grew enough Russet Sebago and Russet Burbank potatoes to supply every person in Escanaba with two bushels—over 30,000 bushels.

7,000 Eggs Daily
Edward Moersch presented the poultry award to Mel Taylor of Schaffer, whose poultry plant produces more than 7,000 eggs a day, or over 2.5 million a year.

Paul Krueger presented the soil conservation award to Jim Collins of Fayette, whose 700 acres, beef cattle herd and 5 children don't keep him so busy that he can't do an outstanding job of planting 10,000 white spruce, fencing his herd out of his woodlot, constructing drains and planting cover crops to avoid soil erosion and following other good soil use practices.

Cameron led an "orchestra" which he selected from the audience. Alcott Erickson played the piano accompaniment and Felix Johnson, Ervin Ten Haken, George Williamson, John Green, Mrs. Joe Gryzbowski and Isadore Stein were the musicians. Spike Jones would have been envious if he could have heard them.

Dick Marenger and George Bathke were co-chairmen of the committee in charge of the awards dinner, which was attended by 180 persons.

Past Masters Night Planned

Past Masters of Delta Lodge No. 195 F. & A. M., Escanaba, will be honored at a banquet program at the Masonic Temple on Tuesday evening, Oct. 27.

The banquet to be served at 6:30 will be prepared by the Ladies of the Eastern Star and served by Jobs Daughters and DeMolay boys.

The Rev. Robert L. Selberg, pastor of Central Methodist Church, will give the address at the dinner program. Invocation and benediction will be by the Rev. Karl J. Hammar, pastor emeritus of Central Methodist Church.

Others participating in the program will be Verne M. Johnson, Dr. Vernon K. Johnson, Dr. Edward Kuivinen, Fred L. Benette, Vernon Wicklander, Guy W. Knutson, and Mr. and Mrs. J. Alton Mallmann.

The history of Delta Lodge No. 195 in Escanaba dates back almost a century. The first Master of the lodge was Gilman Chase in 1866. Living Past Masters of the Lodge are:

C. R. Lambert, G. M. Haberle, J. S. Davidson, Fred Fisher, E. Christensen, L. A. Gauffin, J. Cox, Robert Holt, J. L. Booth, F. L. Benette, H. J. Gruber, Hans P. Johnson, Howard Plucker, John E. GOP Active In Campaign Close

Heading the Republican campaign parade in the Upper Peninsula this week will be Governor Romney, who will be accompanied on four stops in the Upper Peninsula by Meyer "Mike" Warshawsky, GOP candidate for attorney general, and House Speaker Allison Green, GOP candidate for Secretary of State. On a three-plane air tour, the trio along with state legislative candidates and newsmen, will visit Escanaba at 12:30 p. m. Saturday afternoon after campaign stops in Menominee and Iron Mountain.

After participating in several activities here, they will fly to Sault Ste. Marie and then to Cheboygan.

Mrs. Romney, also on an air tour, will visit Iron River, Ironwood, Calumet and Houghton and Marquette Monday, Oct. 26, and Munising, Manistique, Newberry and Cedarville in Mackinac County Tuesday, Oct. 27.

Elly Peterson, Republican candidate for the U. S. Senate, has completed her Upper Peninsula campaign and Congressman Victor A. Knox of Sault Ste. Marie has intensified his campaign efforts, particularly in the Western U. P. in the old 12th District which is a part of the new 11th District. Knox will campaign in Escanaba next Tuesday.

Work on Republican voter registration files started last February, County Chairman John T. Walbridge reports and is still underway. A group of Republican women volunteered to help bring the city files up to date.

Young Republicans, under the leadership of Jeff Jurm, president, and Kenton Anderson, vice president, are very active. Advisor Paul Blewett, Escanaba, reports. They have been responsible for many party billboards, distributing literature, working at headquarters and had the largest group of any Young Republican clubs at the Richard Nixon fund-raising dinner last week in Ishpeming.

Other Delta County Young Republican officers are Mary Dobija, treasurer, and Jean Kittner, secretary.

Campaign headquarters have been established at 815 Ludington St., Telephone ST6-4740 and between 1004 and 1006 Ludington St. They will be open every day except Sunday until Nov. 4. Miss Mary Woodward and Mrs. Harry Reynolds are in charge.

County officers active in the campaign with Walbridge are Mrs. Carl Olson, Gladstone, vice chairman; Alcott Erickson, Gladstone, treasurer, and Mrs. John O'Brien, secretary.

Tom Quinn and Erling Arntzen are co-chairmen of the Delta County Romney Volunteers, and John O'Brien is U. P. chairman for both Elly Peterson and Congressman Victor Knox. Lowell Sundstrom heads the county committee for Marjorie Gibson, Newberry, Newberry, candidate for state representative from the 107th district.

Mrs. Thomas Aas, of Gladstone, is general election chairman, and other leaders are Mrs. Ann Turner, mailing; Mrs. Russell Lee, telephone committee; Mrs. John Fawcett, absentee ballots, and Miss Kathleen Perkins, new voter registration.

McNamara Says U.P. Got Aid Of \$8.7 Million

Democratic programs in Congress in the past four years have brought great benefits to the Upper Peninsula, U. S. Senator Patrick McNamara (D-Mich.) said in an address Wednesday night in Marquette.

Speaking before an audience of Democrats in the Hotel Northland, Michigan's senior senator declared that the Upper Peninsula would have lost several million dollars in federal assistance during the past four years "if the Goldwater-Romney - Knox - Republican view had prevailed in Congress instead of the Kennedy-Johnson Democratic programs for progress."

Senator McNamara, who is chairman of the Senate Public Works Committee, stated:

"In the first place, there would not have been an Accelerated Public Works Act with its job-creating program for needed public facilities. The federal government has placed \$8,677,500 in federal funds in the Upper Peninsula under this program—and that's more money than any one of 20 other states have received from it."

"This federal APW program has built new fire stations, city halls, dock facilities and service buildings. It has built more

than \$5 million worth of badly needed sewers, water mains and other sanitary facilities in Upper Peninsula communities. It has built new roads and sidewalks and two new post offices. It has financed over \$4 million worth of improvements in state parks and national forests to make them more attractive to tourists. It has repaired the locks at the Soo.

Thousands of Jobs

"And equally important, it has provided thousands of jobs to people who were out of work and wanted to work."

"Second, if the Republican philosophy had prevailed in the Congress there wouldn't have been any Area Redevelopment Act to help economically depressed areas. The ARA has placed more than \$2,700,000 in the Upper Peninsula. Some of the money has been used to train 749 people for new jobs. More than \$1,500,000 in ARA money has been used to establish new business and industrial facilities with a potential of some 550 jobs. ARA also has invested more than \$500,000 in technical studies to discover and develop new ways of rebuilding the U. P. economy."

Senator McNamara said the Senate Public Works Committee has approved more than \$43,000,000 in civil works pro-

jects for the Upper Peninsula in recent years. These projects, he said, are either completed, under way or in final planning stages.

U. P. Projects

The speaker said these other federal programs have benefited the Upper Peninsula recently:

- Extension of the Hill-Burton Act for another five years. This act has resulted in construction of 20 hospitals in 12 Upper Peninsula communities, Senator McNamara said.

- Student loan program, which has loaned \$580,000 to needy students in the Upper Peninsula in the past two years.

- Nearly \$3,000,000 in school construction in "federally impacted communities" in the Upper Peninsula.

The speaker expressed confidence that some of the new job corps camps authorized by the new anti-poverty law would be located in the Upper Peninsula.

He said there are now 59 federal grants-in-aid programs available to local governmental units. "The federal government does not force this assistance on local governments," he said. "All of these programs are on application of local governments."

McNamara criticized Governor Romney for his role in the dispute over the federal aid to dependent children of unemployed fathers program (ADC-U), which the senator claimed resulted in the loss of \$20 million to Michigan.

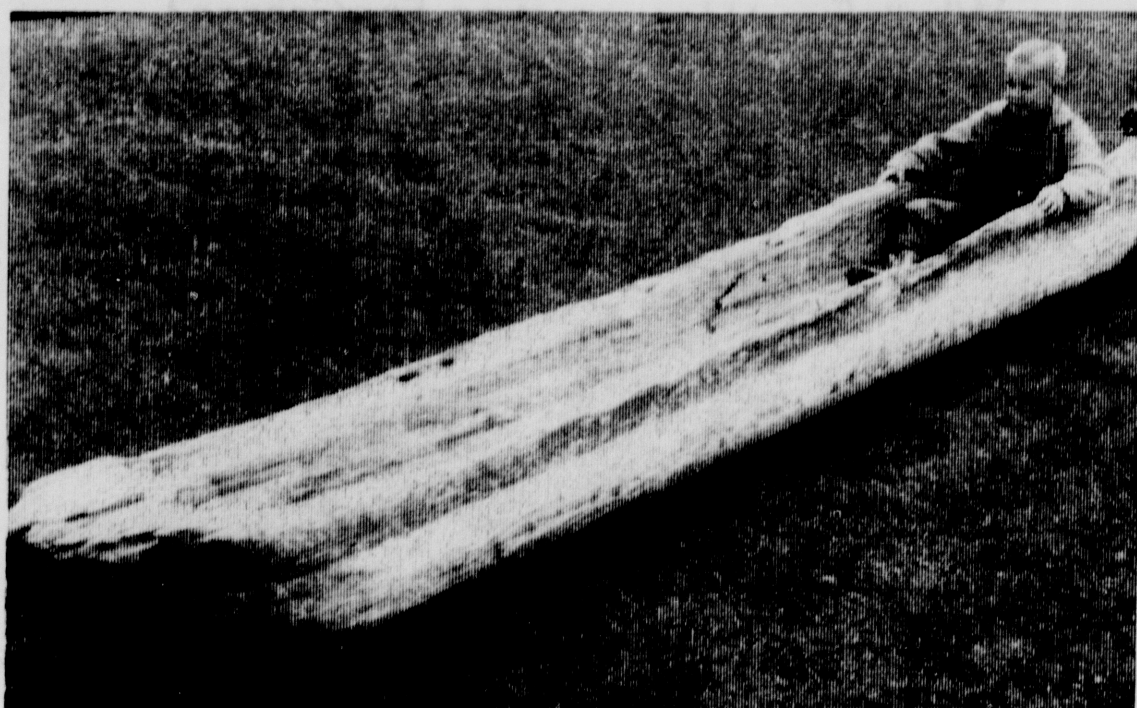

He urged the election of Neil Staebler for Governor ("because he understands teamwork"), Philip A. Hart for U. S. Senator ("he has made a name for himself throughout the nation as a fighter for the rights of all Americans") and Raymond Clevenger for congressman ("he will work for programs to benefit this wonderful area").

The senator was accompanied on his visit to Marquette by his wife, Mary, who was born and reared in Calumet, and by Harold Beaton, his administrative assistant.

Band Sponsors Big Candy Sale

The Escanaba Area Public Schools band department announced today the beginning of the annual "Sweet Success" candy sale.

More than 500 members of the school's five bands will participate in the money raising event, with proceeds to be used to provide scholarships to summer music camps, and to help defray expenses of many of the activities that the bands participate in during the school year.

Last summer 140 students were provided partial scholarships to the Junior High Music Camp at Clear Lake, and 27 High School students were provided partial scholarships to the Northern Michigan University Band Camp at Marquette. Money from this year's candy sale will also provide needed additional uniforms for the High School Marching Band.

As in the past Saykly's Candy Co. will provide the candy for the sale.

In announcing the sale Directors Chown and David Laakso stated that "the public acceptance of this sale has always been one of complete cooperation, and it is only through activities of this kind that the Escanaba Bands can remain among the best in the nation."

Dugout Canoe On Last Long Trip

IRON MOUNTAIN—A large dugout canoe, made perhaps centuries ago by some Chippewa or Menominee Indian, recovered from the bottom of the Sturgeon River recently is now in its last resting place—hundreds of miles from the northwoods country.

The canoe was found by Les Johnson of 1208 Grant St., Iron Mountain. It was buried deep in the Sturgeon River bottom near Sagola.

Johnson said the site was that of a former beaver dam where the Sturgeon River flows through property owned by Johnson southwest of Sagola. Only the top edge of the canoe was above the sand and muck.

Michigan State University at East Lansing was informed of the discovery and recently sent Charles E. Cleland, acting curator of anthropology, from the University Museum to Iron Mountain to transport the canoe to East Lansing by truck.

The canoe, donated by Johnson to the Museum, is 16 feet long, 24 inches wide, and was hollowed by the use of fire and Cleland said the big white pine log canoe was made perhaps

BLUE SHIELD ANSWERS YOUR QUESTIONS

doctors accept Blue Shield fee as full payment in most cases...

Can a doctor charge more than the fee Blue Shield pays?

The majority of doctors agree to accept the Blue Shield fee as full payment if the subscriber's income is not more than \$7500 a year. Almost 85% of Blue Shield subscribers qualify.

Is it true that doctors were instrumental in helping to create Blue Shield?

Yes. Michigan doctors, who best know the medical needs of Michigan citizens, recognized that a new and better form of health care protection was needed. They actively supported Blue Shield when it was founded in 1939, and they still do so today. Much of Blue Shield's success is due to the doctors' leadership and contributions.

How big does a company have to be to qualify for Blue Shield group coverage?

Firms with as few as five full-time employees (including the owner) may qualify.

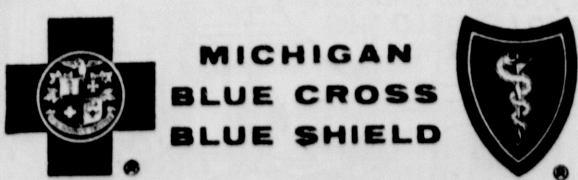

When Blue Shield pays a doctor bill for me, does it also notify my company as to the nature of my illness?

No. Blue Shield regards this as confidential information, strictly between you and your doctor.

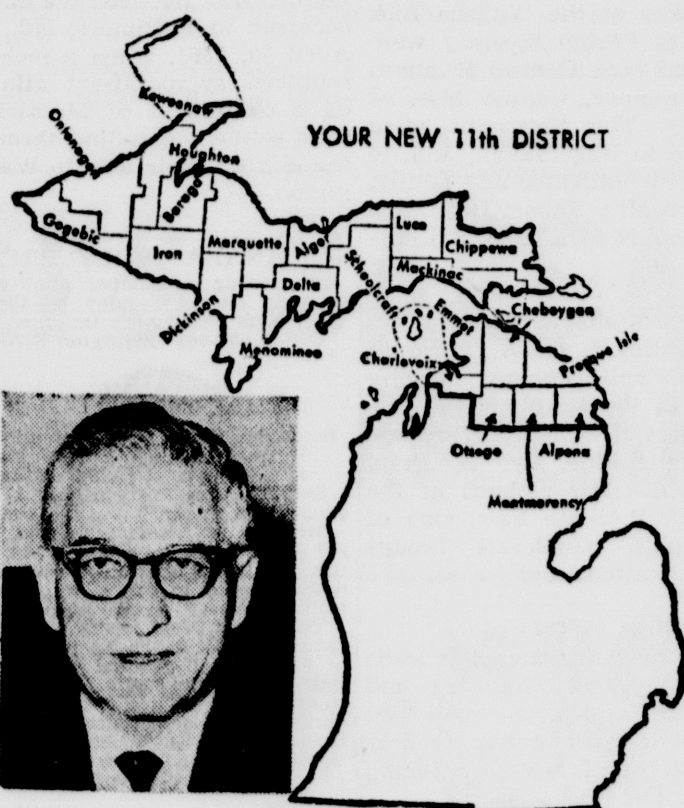

How long does it take Blue Shield to include new techniques or medical procedures in its coverage?

Blue Shield usually anticipates them and includes them just as soon as they are accepted by the medical profession. They don't have to be listed in a fee schedule to qualify as benefits.

Do you have a question about your Blue Shield coverage? Just write Dept. 54, Michigan Medical Service, 441 E. Jefferson, Detroit, Michigan 48226.

Goldwater For President

This newspaper has delayed making a statement of support for any candidate since the nominations were made at the national conventions of both political parties.

Prior to the Republican convention, we gave our support to Rockefeller. Upon his withdrawal from the race, we felt Republican support should go to Scranton. This was not inconsistency. Ours has been a solid constancy, a constancy of moderation.

The nomination of Barry Goldwater has given us cause for soul-searching. We have reviewed his record as a senator, as presidential campaigner.

Some of his viewpoints we oppose. But we are faced with this situation: A review of the records of both candidates for the presidency and the recent whirl of news events, both at home and abroad, make a choice imperative.

The argument that we should retain our present government because two great world powers have changed theirs is not a valid one. England and Russia face the identical delicate situations in international affairs as does the United States. They did not hesitate to make the change.

Our review convinces us there are more things Barry Goldwater stands for that we can support, than Lyndon Johnson offers in his record and his program. We are satisfied, too, that "extremism" has become an overworked campaign bogeyman, and that Goldwater is the more moderate in leaning toward the center.

On this basis, we support Barry Goldwater for the presidency of the United States.

Selling To Negroes

After the presidential contest itself, most interest in the Nov. 3 election nationally will focus on the fate of an issue in California's election.

California voters will decide whether they want to write an amendment into their state constitution nullifying the state's fair housing laws and giving property owners the "right" of racial discrimination.

Polls indicate that Californians Against Proposition 14 have an uphill but not hopeless fight to kill the amendment, which would remove the legislature's right to make fair practice laws affecting property.

The amendment doesn't mention racial discrimination, the emphasis is all on property rights, and it sounds so reasonable that more than 59 per cent of Negroes questioned in a poll about it were for it until its implications were explained to them. The amendment would not only knock out existing fair housing laws but prohibit any local, county or state body from adopting any new laws on the subject.

In the past 7 years 13 states and 12 cities have adopted anti-discrimination laws to cover private housing and 4 other states and approximately 50 cities have measures that apply to housing financed with government funds.

The test sponsored by the National Association of Real Estate Boards has an unusual theater in California because the state requires only simple majority to amend its constitution. As a result legislation by constitutional amendment has become a favored method of special interest groups.

California has had a huge influx of population and it has put the state's city population in a chronic flux, with a quick turnover in housing and neighborhoods changing almost overnight. When the legislature passed the Rumford fair housing act a year ago the Committee for Home Protection started to campaign for its repeal and the amendment was put on the ballot with 633,000 signatures—more than 160,000 more than needed.

Conservative Republicans are generally for the amendment and liberal Democrats against it, but party lines are confused and many rural Democrats as well as low-income city Democrats near Negro housing are for it and many Republicans in northern California are against it.

The California State Bar Association in a rare stand on a political issue declared itself against the amendment, as did the AFL-CIO, church groups, the PTA, League of Women Voters, the California Teachers Association and the San Francisco Chamber of Commerce. The issue is sure to remain after the election, whichever way it goes.

The Doctor Says:

Gloves Help Cracked Hands

By Dr. Wayne G. Brandstadt
Q—I am a 67-year-old woman. I have detergent hands. I have tried several doctors, but my hands still crack and itch. My friends are afraid it is contagious. What do you advise?

A—You have a common condition that is often hard to get rid of. Household detergents are the most frequent cause of "dishpan hands," which is really a type of eczema. The thing that keeps the condition going, sometimes for years, is overtreatment with strong disinfectants and antibiotic salves.

If you must put your hands in dishwater, you should use rubber gloves that are lined with cotton. Unlined rubber gloves allow your hands to become soaked in their own sweat and that delays healing. Remove the gloves as soon as you are through with the dishes or the scrubbing and put them where they will dry out on the inside. Get a new pair frequently. If your friends have developed detergent hands, they got it from their own dishwashing, not from you!

Q—Most of my thyroid has been removed and now I am gaining too much weight. Do I have to have a basal metabolic test or will a blood test serve the same purpose?

A—Your basal metabolic rate cannot be determined by a conventional blood test. Two

What Ever Happened to St. George?

Washington Comment

By RAY CROMLEY

WASHINGTON — (NEA) — In the past two years the U. S. government's Arms Control and Disarmament Agency has hired private research teams to explore disarmament ideas.

The results are not official policy, but they do indicate disarmament approaches this government is considering.

Of particular interest are disarmament ideas which some of the government-sponsored research men say would be feasible without on-the-spot inspections in the Soviet Union. They include:

● **Ways to prohibit military flight testing** of intercontinental missiles and AICBMs (anti-intercontinental ballistic missile systems).

These disarmament research men feel strongly the need of including AICBM testing in such a ban. One report says:

"The use of AICBMs to protect hardened missile sites seems stabilizing (to peace), whereas their use to protect major cities is destabilizing to the extent that they give their possessor confidence that he can avoid unacceptable retaliatory damage if he launches a first strike.

"From an over-all perspective, it is important to realize that the development of AICBMs tends to be destabilizing, since it would be difficult to prohibit their use for (pro-

testing) cities once they become operational."

● **Methods to limit military research** and development with the aim of preventing the perfection of pure fusion military devices, ray guns, superior penetration aids for intercontinental missiles and significant advances in anti-submarine warfare techniques and in infrared detection.

● **Agreements not to develop** certain new weapons such as bombs-in-orbit.

Says one research team: "At the present time it would seem possible for both sides to agree not to develop bombs in orbit . . . The only possible difficulty might be that the Soviet Union is further ahead in this development than the United States and might insist on linking this measure to others in which the United States has an advantage."

● **Agreements for the destruction** of "obsolete" delivery systems such as "medium bombers" and "perhaps the numerous so-called tactical devices of ranges less than a thousand miles."

● **Some sort of agreement to limit** the U. S. and Soviet strategic forces "to about 1,000 strategic delivery systems."

One research report says: "The U. S. delivery force might look like the following after the reduction had been made:

"Heavy bombers 200; Titan missiles 100; Atlas missiles 100; Minutemen 400; Polaris: 200 missiles in 40 submarines. All IRBMs would be destroyed . . . All air-to-surface missiles would be destroyed."

"The Soviet delivery force, under such an agreement, might look like the following: "Heavy bombers 200; long-range missiles 200; medium bombers 200; IRBMs 400."

(Note that under this proposal the United States would destroy many times as many ICBMs, intercontinental bombers and Polaris weapons as would the Soviet Union.)

The disarmament research men who suggest this concept note that the "force structure as outlined . . . poses problems . . . for it tends to leave Europe vulnerable to medium-bomber and IRBM attack without a European retaliatory capacity to deter such attack."

Auditor General Finds Drawbacks

DETROIT (AP)—Being auditor general of Michigan has its advantages, but Billie S. Farnum found out this week there are also some drawbacks.

Farnum, a Democrat campaigning for a Congressional seat in the 19th District northwest of Detroit, is ringing doorbells with this pat introduction: "Good morning, I'm Billie S. Farnum, the auditor general."

One shocked housewife replied: "We sent in the money yesterday. Anyway, they got some nerve sending out the auditor general just to collect a bill. It isn't even a month past due."

The door slammed, and despite Farnum's cajoling, it did not open again.

Mr. and Mrs. James McBurney and family of Chicago visited Mr. and Mrs. Leo Lawrence.

Birthday Party

Lesia Jean Lustila had a party at her home Saturday afternoon in honor of her ninth birthday. The recreation room was decorated with pink and blue streamers and colored balloons. The afternoon was spent playing games. Her aunt Vicki Lustila assisted her mother, Mrs. John Lustila Jr., served the refreshments which included a decorated birthday cake. Attending were Christine Conlon, Glenda Musselman, Alan Sherwood, Steven and Jackie Gilman and Barbara Smith.

Mr. and Mrs. Frank Smith and children of Detroit visited relatives here over the weekend.

Mr. and Mrs. Louis Magnusson attended funeral services for his father August Magnusson at Munising.

The Germfask Grange held a business meeting Saturday night at the Township Hall. Lunch was served by Mr. and Mrs. William Brain. The next meeting will be Nov. 21 at the home of Mr. and Mrs. Walter Burns.

PTA Meeting At Rapid River Monday Night

RAPID RIVER — Rapid River PTA will meet Monday, Oct. 26, at 8 p. m., in the multipurpose room of the Bay de Noc Elementary School.

The program will feature Jerry Parr, assistant technical director at Escanaba's Mead Corp., who will present the informative program, "Paper Works Wonders," told with colored slides and produced by Mead Corp.

Mrs. Stanley Dominick, program chairman, made the program arrangements. Mrs. Frank J. Lundberg is lunch chairman for the Monday meeting. Mrs. Lundberg will be assisted by the third grade mothers.

Cubs Present Puppet Show For Parents

RAPID RIVER — Rapid River Cub Scout Pack 480 had good parent support at its monthly meeting held at the Legion Hall, Monday evening. All Cubs, impressive in their uniforms, participated in the opening flag ceremony.

E. Stanley Pyke, cubmaster, awarded the following boys for specific achievements: Den 1, George Anderson, silver and gold arrows, Gary Moore and Peter Austad, wolf badges; Den 2, Willie Pyke, wolf badge; Den 3, silver and gold arrows were presented to Mark Mahan, Robert Holmgren, Mike Callahan, Donald LaCrosse, Jeff Norlander, Greg Norlander; gold arrow, Larry Wescott; bear badge, John Waters.

Following the awards original puppet skits were presented by the dens. Mrs. George Anderson's Den 1 told the story of how the witches passed on the witchcraft of fire; Den 2, with Mrs. E. Stanley Pyke and Mrs. Andrew Wils as Den mothers, presented "The Little Red Hen"; Den mothers, Mrs. Mary LaCrosse and Mrs. Barbara Norlander of Den 3, gave a skit on "The Itty Bitty Fishies"; Den 4, Mrs. Ernest Vanderhoff, had made string marionettes which represented the famous British quartet The Beatles.

The closing traditional ceremony was the Cub's living circle. Cider and doughnuts were served by Mrs. Vanderhoff's Den. The next pack meeting will be held Friday, Nov. 20.

Ann Landers

Keep Cemetery Out Of Wedding

Dear Ann Landers: Our son is marrying a very lovely girl a few days before Christmas. Marcia is sweet and attractive, but her flair for the dramatic sometimes goes beyond what I think is good sense.

Unfortunately Marcia's mother passed away last year. They were very close. Although her father is paying for the wedding she has asked me to help her plan it.

Last night when we were discussing the arrangements Marcia said it would make her very happy if the entire bridal party went out to the cemetery after the wedding ceremony. She said, "I want to feel that mother is with me on my wedding day."

I'm afraid to tell Marcia what I REALLY think. I've seen her at her mother's grave. She goes to pieces and it's awfully hard on everybody.

I don't want to impose my views on Marcia but what she has in mind would spoil the day for all of us. May I hear from you, please?—IN ABEYANCE

Dear A.: If Marcia wants to visit her mother's grave on her wedding day she should go before the ceremony — perhaps with her fiancé and her father. To ask the bridal party to trek out to the cemetery would be tasteless in the extreme. I hope you will tell her so and help keep the day a joyous one.

Dear Ann Landers: Our 11-year-old son has been doing poorly in school for the past two years. When the boy was not promoted last spring I had a conference with his home-room teacher. She told me he should be tutored in reading, and offered to put us in touch with a tutor.

My husband says it's a racket and that the teacher probably gets cut in for bringing the "sucker" to the tutor.

Our son is bored with school and it's a struggle to get him to do his homework. My husband says, "Don't nag him." If I didn't nag him, Ann, he wouldn't do one thing but play ball and look at TV. I need your help.—LOSING BATTLE

Dear Battle: Experts in the field of education tell us that an appalling number of highly intelligent children do sub-standard work because they are unable to read properly. A student with inadequate reading skills cannot grasp the fundamentals of ANY subject.

I urge you to take the teacher's advice and hire a tutor. Thousands of youngsters who were academic cripples have become fine students after they learned to read.

Dear Ann Landers: Please don't throw this letter in the basket because it starts out like others you have printed. It REALLY is different.

First, God bless you for telling people to stay home unless they are invited to visit. I sent those columns to several friends who used to drop in and it helped. Now I need MORE help.

What can I do about neighbors and friends who still appear at the door and say, "I thought I'd surprise you."

I'm a nervous person and when this happens I become nauseated and upset. Help me, please.—MAGRAINE MARY

Dear Magraine: The best way to deal with people who surprise you is to surprise THEM. Have your speech prepared: "I wish you had called. I don't feel well today and I'll be miserable company. So sorry I can't ask you in."

Anyone who drops in again —after THAT speech—deserves to hear it one more time.

To do lean on cigarettes as a social crutch? You may regret it later. Send for ANN LANDERS' booklet, "Teen-Age Smoking," enclosing with your request 10c in coin and a long, self-addressed and stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

VFW Auxiliary Party Honors Star Mothers

The Gold Star Mother's chapter was honored by the VFW Auxiliary, Hiawatha Post 2998, at a card party Thursday evening at Kallio's Fareway Diner.

Americanism chairman Joyce Johnson was in charge of the event with the assistance of Mary St. Jacques, Edith Kallio was hostess for the lunch.

Mrs. Ronald Dufour won the first guest prize and Mrs. Vina Osier was second guest prize. Mrs. Lillian Powers was given a gift for being the oldest Gold Star mother present. A prize was given at each card table for the highest score and all Gold Star mothers received a gift from the Auxiliary.

Mrs. Olga Matthews, a Gold Star mother, who was unable to attend, telegraphed her congratulations to the attending mothers.

Gold Star mothers present were Mrs. J. P. Ambeau, Mrs. Eva Bedard, Mrs. Mary Buckholtz, Mrs. Harold Johnston, Mrs. Tom Powers, Mrs. Charles Priest, Mrs. Omer Dupont and Mrs. Bessie Rogers.

Mrs. Olga McGinnis was also unable to attend.

The program opened with a color slide travelogue of the Goren Bridge Trip to the Orient, presented by Mrs. Fred Hoyer, who made the tour just about a year ago. Commentary on the beautiful and exciting, and sometimes, deeply moving, scenes was given by Mrs. Hoyer, and in film form by her grandson, George Rusch.

Fashion Show

The show followed presenting the colorful dress of Japan, China and the Islands and the newest fashions of the day in America. The excellent commentary on both was given by Mrs. Ben Johns.

Models were Mesdames Vernon Johnson, Yoko Ingebritsen, John Walbridge, Robert Hanson, Charles J. Byrns, Norman Arntzen, George Rusch, Jack Hall, Melvin Putnam, Becky Putnam, Charles Bisdee, Edward Hurley, Minette Froberg and James Kent, Kathy Johnson, Susan Johns and Betsy Baltic, Susan Kent, Susan Mincensky, David and Michael Piquette, Crystal, Cindy and Linda Thibideau and Candy Thompson, and Albert Piquette, who gave the delightful Oriental welcome, Edward Hurley and Charles J. Byrns, "men of the Orient."

Cooperating Escanaba merchants were the Doris Shop, The Fair Store, Gartner's, Mata Brown Shop and the Morrison Shop.

Decorations were most effective, with arrangements of cherry and apple blossoms, Japanese lanterns and parasols. Presiding at the tea table for the closing social hour of the evening were Mrs. John J. Mitchell, Mrs. Axel Anderson, Mrs. William Kammeier, Mrs. E. Pohl and Mrs. George Douglas.

Mrs. Hoyer, Chairman. Special features were treasures from the Orient, owned by Mrs. Ingebritsen, Mrs. Catherine Locke and Mrs. Piquette, arranged for display, and sales tables of floral arrangements for all seasons.

Mrs. Hoyer, general chairman of the affair, and Mrs. Byrns and Mrs. Joseph Rouse, assisting chairmen, arranged details with the aid of numerous efficient committees of the Women of the Church.

Women's Activities

MEMBERS OF THE Mid-West Caravan from Washington D.C. and other leaders in the Democratic party are pictured at the tea sponsored by the Democratic Women's Club of Delta County at the Elks Club Thursday. From the left are Mrs. Wister M. Janney, Mrs. Samuel J. Lanahan, Ray Clevenger, Mrs. Roger Murray, Mrs. G. Mennen Williams, Mrs. Eugene P. Carusi, Mrs. Arthur Schlesinger Jr. and Mrs. Clevenger. Washington Leaders Campaign In Escanaba

The closing days of the election campaign brought five of Washington's brightest women, dedicated to the Democratic party, to Escanaba Thursday afternoon.

The Caravan included Mrs. G. Mennen Williams, wife of Michigan's former governor, Mrs. Samuel J. Lanahan, daughter of the famed writer, F. Scott Fitzgerald, Mrs. Arthur Schlesinger Jr., wife of one of the nation's leading historians and an artist in her own right, Mrs. Wister M. Janney, wife of a state official and a teacher of history, on sabbatical leave this year to work on the campaign, and Mrs. Eugene P. Carusi, wife of a prominent attorney.

They, with state and county candidates were honored at an attractive tea sponsored by the Delta County Democratic Women's Club in the lounge of the Elks Club. The 200 women attending the tea greeted Nancy Williams as an old friend and found her traveling companions friendly and charming, and certainly well versed in the issues of the election on which each spoke briefly.

Clevenger, Speaker. Main speaker of the afternoon was Raymond F. Clevenger, Sault Ste. Marie, candidate for U. S. Congress, who was accompanied by his wife, Fran. His address dealt with the serious aspects of the campaign, with subtle touches of humor. A brief talk on state issues also was given by State Representative Einar Erlandsen.

Introduced were the Delta county candidates, Ann Villeneuve, treasurer, Nicholas Chapekis, prosecuting attorney, William Butler, clerk and Sheriff Cully Johnson.

Mrs. Roger Murray, president of the Democratic Club, and general chairman, of the tea, presided, and welcomed the guests. The Washington visitors were presented by Mrs. Williams.

Receptionist was Mrs. Nap Morin, Jr., assisted by Mesdames Agnes Oberg, Marion Desilets, Carlton Nelson, Fred Schram, James E. Anderson and William Tellefsen. Mrs. James DeLair was in charge of the literature table.

At Tea Table. Hostess-in-charge was Mrs. William Butler and presiding at the silver services at the table were Mrs. Nicholas Chapekis, Mrs. William Niles, Mrs. William Miron and Mrs. Einar Erlandsen. Hostesses were Mrs. Richard Frazer, Mrs. Millard Larson and Mrs. Eleanor Sullivan.

The guest award was presented Mrs. Arthur Brien. Autumn flowers were on the individual tables and centered the tea table.

The Caravan moved on to Marquette last night and entered Wisconsin today for a whirlwind wind-up that will continue into Minnesota and with a rally in Chicago.

Salvation Army To Host Youth Rally Saturday

The Salvation Army Temple in Escanaba will be host to about 100 boys and girls coming from other Corps in the Upper Peninsula. The boys and girls are Junior Soldiers and will attend a rally here on Saturday, Oct. 24.

There will be a session in the morning and one in the afternoon. Major and Mrs. Ronald Rowland, the youth secretaries of this area, will be in charge. They are from the Divisional Headquarters in Milwaukee. The delegates will represent Ironwood, Houghton, Ishpeming, Marquette, Iron Mountain, Marinette and Eau Claire.

The program will include a piano and vocal solo by Darrell Lindquist of Ensign. The ladies of the local Corps will serve dinner to the group.

There will be a group enrollment of new Junior Soldiers which include Cindy Evans, Dennis Buckland, Pat Deiter, Brad Larson, Craig Olson and Kevin Palmgren.

Home And School Officers Chosen At St. Thomas

Archie Reese was elected president of St. Thomas Home and School Association at its first meeting of the year, held Wednesday evening.

Floyd Krause is vice president; Mrs. Joseph Vukson, secretary; Mrs. John Blanchette, treasurer; Mrs. Dan Koehler, membership chairman; Mrs. Phil LaMarch, room parents chairman; Mrs. Jack Keane, publicity chairman.

Home room parents were chosen for the year. Lunch was served by officers and room parents. Room count went to the eighth grade.

Erlandsen. Hostesses were Mrs. Richard Frazer, Mrs. Millard Larson and Mrs. Eleanor Sullivan.

The guest award was presented Mrs. Arthur Brien. Autumn flowers were on the individual tables and centered the tea table.

The Caravan moved on to Marquette last night and entered Wisconsin today for a whirlwind wind-up that will continue into Minnesota and with a rally in Chicago.

UCT Auxiliary Plans Annual Benefit Party

The Women's Auxiliary of United Commercial Travelers will sponsor its annual card party for the benefit of Retarded Children's Fund Wednesday, Nov. 4, at 8 p. m. in St. Joseph's Church Hall, Escanaba.

Robert Fortons Will Celebrate Silver Wedding

Mr. and Mrs. Robert Forton of 320 S. 10th St., whose wedding took place in Escanaba Oct. 12, 1939, will celebrate their silver wedding Saturday, Oct. 24.

A Mass of Thanksgiving will be offered at 8 a. m. at St. Joseph's Church and open house for relatives, neighbors and friends will be held from 3 to 5 p. m. at the family home.

The former Eva Marie Wells, daughter of William Wells and the late Mrs. Eugenia Wells, was married to Robert W. Forton on the silver wedding day of her parents at St. Joseph's Church by Father Edward Leary, O. F. M.

Their attendants were Arnold Duquette of Chicago, Mrs. Jane (Piron) Kitta of Green Bay, Lowell Jeanson of Iron Mountain and Mrs. Anita (Messier) Wolfe of San Bernardino, Calif.

They have six children, Robert Forton Jr., Escanaba, Mrs. Gerald (Mary Ann) Jacques, Oak Lawn, Ill., and Bonnie, Jeanie, Carol and Stephen at home, and three grandchildren.

Social-Club Named to Board

Sue Elegeert, daughter of Mr. and Mrs. Thomas Elegeert, 1403 S. 13th St., Escanaba, was elected one of the directors to the Student Board of Governor's at Prospect Hall for the 1964-65 year.

Special Tales At Story Time

For boys and girls who like lions and dragons and who never can find anything to do, Story Time is especially recommended this Saturday. The program will be held at 10 a. m., in the Children's Room of Escanaba Public Library. All boys and girls of the age of three and above are invited. The stories will be: "Randy's Dandy Lions", who were just big baby frisky cats; "The Little Knight's Dragon", who ended up playing marbles, and "Nothing To Do", so thought Walter Possum until he found out better.

Lodge Honored By Dooley Award

SAN FRANCISCO (AP) — Henry Cabot Lodge, former U.S. ambassador to South Viet Nam, has received the Thomas A. Dooley Foundation's first "Splendid American" award.

In accepting the honor Wednesday night, Lodge said that because of South Viet Nam's geographical position large areas of Asia "can be influenced and undermined" from the country.

The award was named after

Morning prayer first and third Sundays and Holy Eucharist, second and fourth Sundays.—Rev. Ernest Kempf, Vicar.

the late Dr. Thomas A. Dooley of St. Louis, Mo., who introduced modern medicine and built a 25-bed hospital in Laos.

Women Feature Democrat Rally

Mrs. G. Mennen Williams, wife of the former Michigan Democratic governor, presided at a luncheon in Harbor Inn Thursday noon at which a group of national Democratic women leaders spoke. Thirty-two were served at the luncheon during which brief talks were given by Mrs. Williams, Mrs. Samuel J. Lanahan, daughter of writer F. Scott Fitzgerald, Mrs. Arthur Schlesinger Jr., Mrs. F. Wistar Janney, teacher, and Mrs. Eugene Carusi, wife of a Washington attorney.

Mrs. Raymond Clevenger, wife of the Congressional Democratic candidate also attended. Guests included Clevenger and Einar Erlandsen of Escanaba, candidate for state legislature. Mrs. Williams, promising to come back for U. P. golf next year, said she believes Gov. Romney "is deliberately deceiving the people, doing a good job of looking good and saying nothing."

New Taxes Field
"In the Swainson administration changes in the sales tax and beer and cigarettes taxes were made and in the past two years these have produced an amount of revenue not available before. You are paying higher taxes than ever before and there are still unmet needs," she said.

The prosperity in other states has helped Michigan, which is an export state and needs to sell outside its boundaries, she noted.

Mrs. Williams praised the proposed national war on pov-

erty as good, as it attacks the problem in places where it is really needed. She said it is one of the most important things the Johnson administration has done.

On rusty license plates she quipped, "Mr. Hare had good plates until he had a Republican controller and purchasing agent."

She charged Romney "didn't finish his education, has a violent temper and is hard to work with. The campaign of Neil Staebel has picked up in the past two weeks, she stated.

Mrs. Janney spoke on health, education, employment, housing, redevelopment and other programs which she said are designed to help people. Senator Goldwater doesn't stand for anything, shifts his ground, and shouldn't be hard to beat, she declared.

Mrs. Carusi stressed the importance of each vote, said there has been a good voter registration. Kennedy won over Nixon in the last presidential election by less than one vote per precinct, she noted.

Government Needs

Shifts in foreign policy will probably result from the change of power in Russia, Mrs. Schlesinger said, and due to the testing of a nuclear device by Red China. There is need for responsible, mature and conscientious people in the government, she said.

Citing "this is a dangerous nuclear world," she outlined various programs undertaken to relieve tensions, such as the Peace Corps, expansion of foreign aid and the nuclear test ban treaty. The latter was a first break-through in sane, rational handling of nuclear power, she said, but Senator Goldwater was one of those voting against it.

Mrs. Lanahan said, "In Washington we haven't felt there was encroachment of power, and see no evidence of this waste, corruption and desire to take over the government. There are 16,000 fewer federal employees now than in 1962, despite increases in the postal department which come as the population expands. When Ike took over the Republicans found there wasn't much that could be done, as no one wants to eliminate the department of interior, defense department or the department of agriculture, for example.

School Help

Goldwater seems to be ready to do away with government itself, she observed, and does

Ervin Bremer and Helen Lancour were discharged from Schoolcraft Memorial Hospital. Sister Jeanine, 229 Lake St. and Sandra Letson, Gulliver, were admitted.

not believe in many basic things.

It will be exciting to eliminate poverty at its roots, she added. In modern America, there will be changes, with more people and more automation. Some are more fortunate and provident than others, as other parts of America may be more fortunate too.

Clevenger spoke on the voting record of Rep. Victor Knox, economic needs of the district and hope that the Army Corps of Engineers can find a solution to Manistique's shoreline sawdust problem, which he said should be possible in a time when the nation can put a rocket on the moon.

Erlandsen charged the state administration has "put its money in the bank" and hasn't met its obligations. State aid to school districts to meet population increases, and slightly over the local districts' contributions was urged by Erlandsen, who said the percentage of state aid has been declining. The teachers' retirement fund still has \$147 million owing it and the \$50 million veterans trust fund was used. The amount is to be repaid at \$2 million a year. Last year \$5 million was paid, he said.

Hospital Auxiliary Hears Report On New Improvement

The \$77,000 improvement underway at Schoolcraft Memorial Hospital was discussed by Harry Purdy, administrator at the Hospital Auxiliary's dinner meeting Monday night in the Presbyterian Church. He also reviewed aid of the Auxiliary over the years. Present needs are for an x-ray stretcher and possibly draperies for rooms.

Frank Wareham presented two piano numbers and Marilyn Pitts sang three selections, accompanied by her mother, Mrs. Roy Pitts. Reports were received from committee members. Seventy persons attended.

Mrs. Elmer Lundstrom, president, urged that invitations be extended to more county persons to join. More volunteers are needed for the afternoon gift cart program, she said.

The Upper Peninsula Golden Gloves picture has never been dimmer. Boxing centers are getting scarcer each year in the region and one of the strongholds may well be among the missing this season. The Menominee Boxing Club Inc. is disbanding as a result of differences between the club's officers and its trainer, Bobby Hansen, who has turned out a long line of Upper Peninsula champions. If the Menominee program dies, as it appears likely to do, that will leave only Escanaba, Manistique and Sawyer Air Base to provide boxers for the U.P. tourney.

Holy Name High School has been a productive source for football players for St. Thomas College in St. Paul, Minn. No fewer than four former Crusader athletes are on the current St. Thomas team coached by Nate Harlan. Jim Trettier is a senior back, earning his fourth varsity letter with the Tommies. Frank Sabor is a senior lineman who has lettered twice at guard. Gary Severinsen and Dick DeGrand are both sophomores on the squad.

Although it has been four years since he graduated from Wheaton, Mel Peterson of Stephenson is still ranked high among the all-time greatest college basketball scorers. Peterson tallied 2,522 in a four year cage career at the Illinois school. That ranks him 27th on the all-time college point list as published annually in the Converse Basketball Yearbook.

The Lake Superior Coaches-Officials Assn. has announced it will award a sportsmanship trophy in football and basketball to an Upper Peninsula school at the close of each sport season. The trophies will be donated by WDBC radio station in Escanaba. The Association, which numbers 52 members, feels that in many cases the emphasis on winning has become so great that sportsmanship has been forgotten.

Terry Ryan, former Kingsford High School athlete, has compiled a fabulous coaching record at Gale-Etrich High School in Galesville, Wis. Gale-Etrich is undefeated this season and has a string of 27 straight victories.

Watersmeet closed out the season in the Porcupine Mountain baseball conference with a perfect record of eight victories, winning the conference championship for the first time. Sophomore Jeff Wasson was undefeated in seven mound starts in which he allowed 24 hits and 15 runs in 46 innings while fanning 88 batsmen.

Braves' Move Is Delayed By Court Action

NEW YORK (AP) — The Milwaukee Braves, determined to move their franchise, will seek to set aside a court order that blocked their initial efforts to play in Atlanta next year.

The Braves' board of directors was all set to ask for National League approval Thursday but was unable to do so because of the temporary restraining order awarded to the Milwaukee County Commission by a Wisconsin Circuit Court.

As a consequence, the league decided at a special meeting to delay any vote of approval until the club is free legally to leave Wisconsin.

The county bases its case on a breach of contract since the Braves' pact provides that the club perform at County Stadium in Milwaukee in 1965. William Bartholomay, chairman of the Braves' board of directors, acknowledged the legal maneuver was a temporary setback but expressed confidence the club will be able to show cause before Circuit Court Judge Ronald Drechsler next Tuesday why it should be permitted to leave Milwaukee.

"We feel confident we will be able to present a list of determining factors which make it

imperative for us to move the club," he said.

"It is our firm belief that we have exhausted every possible means to keep the franchise in Milwaukee."

At Tuesday's hearing in Milwaukee, it will be decided whether an injunction shall be granted against the proposed move.

Should an injunction be granted, it would be a severe blow to Atlanta's hopes of having a major league club in 1965. A 32,000-seat stadium, costing \$18 million, is halfway completed and was expected to be ready for the Braves next April.

This possibility did not appear to weigh heavily either on the Braves or National League President Warren Giles, who said the league had empowered him to call another special meeting as soon as the Braves were free to move.

"I anticipate another league meeting as soon as the restraining order is lifted — which should be soon," he said.

Another reason the league delayed its vote which had every aspect of being in favor of the move, was the threat made by Eugene Grobbschmidt, chairman of the Milwaukee County Board, to sue the league and the other nine club owners, as well, if approval was given.

"We're ready to carry this to the Supreme Court, if necessary," he said. "There's only one way in which our contract with the Braves would go out the window," Grobbschmidt added. "That is if we were assured of another club coming to Milwaukee and we made an agreement with them to play in County Stadium next season."

Need Victory To Share:

Great Lakes Grid Crown Manistique Aim Tonight

A share in the 1964 Great Lakes Conference championship will be at stake when Coach Dick Bonifas sends his Manistique Emeralds into action in a home stand against Newberry tonight.

Manistique has won five straight in GLC competition and currently shares the conference lead with Escanaba. The Eskymos have completed

their league slate with a 5-0 record. At Great Lakes standings are based on percentages, the Emeralds will share the title with Esky if they win tonight, but will slip to second place if they lose.

Manistique will carry the best defensive record in the Upper Peninsula into tonight's battle. The Emeralds have blanked five straight opponents following a 7-6 edge over Stephenson in the season opener. Suffering shutouts since that game have been Munising and Gladstone, Soo, Petoskey and Marquette.

Following tonight's contest with Newberry, the Emeralds

will close out their campaign with a non-conference game at Holy Name Saturday, Oct. 31.

The Newberry Indians are winless in the conference and have one victory and a tie in seven starts overall this season.

Elsewhere in the Great Lakes loop Marquette will invade Sault Ste. Marie tonight while Negaunee hosts Munising Saturday.

In games against outside competition Stephenson entertains Menominee tonight while Escanaba hosts Kingsford, Ishpeming is at home to Stambaugh and Gladstone takes on Gwinn in Saturday games.

Gophers Have String Going

ANN ARBOR (AP) — Michigan will be trying to end four years of frustration when it meets Minnesota here Saturday in the 49th renewal of the battle for the Little Brown Jug.

The Wolverines hold a comfortable 32-19-3 record in the series between the two arch-rivals. But the Gophers have emerged victorious in the last four meetings—scoring shutouts three times.

Each team has a 1-1 Big Ten record entering the game and each was beaten in its last outing. Purdue bounced Michigan out of the Top Ten with a 21-20 victory, while Minnesota dropped a 14-0 decision to defending league champion Illinois.

Three fumbles and the failure to click on a two-point conversion after the final touchdown were the big reasons for Michigan's loss to the Boilermakers. The Wolverines have spent much time this week practicing scoring plays from the ten yard line.

Two more U-M players — bringing the total to five—were lost for the season because of knee injuries suffered in the game. They were junior linebacker Barry Dehlin and senior guard Rich Hahn.

Sophomores Frank Nunley and Bob Mielke will be their replacements.

Three Gophers will miss the game because of injuries.

Halfback Bill Crockett, the team's top breakthrough running threat, and second-teamers Fred Nord, a tackle, and John Rajala, an End, have not recovered sufficiently from injuries to see duty, coach Murray Warmath said.

Grid Gates Open Early

Anticipating one of the largest football crowds in many years Saturday for the Escanaba - Kingsford game, Athletic Director Harold Johnson announced this morning that the gates at the EHS gridiron will open at 12:30.

He also announced that extra seating is being made available with bleachers to be placed on the scoreboard side of the field.

Advance tickets, placed on sale this week, have been moving briskly, Johnson stated.

Unbeaten Albion Will Face Hope

By The Associated Press
It's old home week for most of the state's collegiate football teams this weekend with only two teams playing outside the state.

Detroit and Dayton open the weekend action tonight in the Titans' homecoming game. Michigan and Michigan State are both home Saturday, the Wolverines playing host to Minnesota and the Spartans taking on Northwestern.

Western Michigan, a winner last Saturday for the first time since the opening game of the season, is at home against winless Toledo.

Unbeaten Albion can clinch at least a tie for the MIAA championship with a victory at Hope. Kalamazoo is at Olivet and Adrian at Alma in the other league meetings.

A PAC headliner has Eastern Michigan at Wayne State. Illinois State is at Central Michigan in an IIAC contest.

Hillsdale plays at Northwood and Southern Illinois at Northern Michigan. Games out of state find Ferris State—still looking for its first victory—at Geneva, Pa., and

Russians Overtake American Athletes

By TED SMITS

TOKYO (AP) — A silk-smooth, inspired United States basketball team, stung by widespread speculation that its Olympic dominance was at an end, crushed Russia 73-59 today and won the gold medal for the sixth straight time.

The Soviets, however, grabbing off boxing and gymnastic medals at a pell-mell rate, overtook the United States in the total medals tabulation on this last full day of competition in the 18th modern Olympics and were assured of once again dominating the Games.

The Russian gymnasts collected five medals, including one gold, and the boxers added seven more. In all, the Russians added 17 pieces of Olympic hardware to their collection for a total of 94.

The United States, meanwhile, got only two — the basketball gold and one by heavyweight boxer Joe Frazier of Philadelphia — for a total of 90.

The only event on the final day of games, Saturday, is equestrian grand prix jumping. Neither Russia nor the United States is expected to score heavily.

The Americans went through eight games without major difficulty, but the reports persisted. Russia also won eight straight and was believed to be stronger than ever.

The Americans dispelled that

myth with a burst in the closing minutes of the first half, taking a 39-31 lead at intermission. The momentum continued in the first five minutes of the second half when the Americans took a 49-35 lead.

That did it, The United States coasted in from there.

The triumph was one of the sweetest of the 14-day run of the Games for the United States, but came on the day that the Russians made their greatest harvest of medals.

With several events yet to go, including the basketball final between the two team titans, the Russians had 88 medals and the United States the same.

The Russian gymnasts had picked up five medals, including one gold, and the boxers three, including one gold. Four other Russian fighters had yet to go on and each was assured of winning either a silver or gold medal.

The United States had only one fighter in the finals, heavyweight Joe Frazier of Philadelphia.

The key medals for the Soviets were picked up by Tamara Manina and Larisa Latynina, who finished second and third behind Czechoslovakia's Vera Caslavskaya in the women's balance beam exercise.

Earlier, Russia had taken the gold medal in sabre team fencing.

Eskymo Parents To Be Honored

Parents of Eskymo football squad members will be honored at the Kingsford game here Saturday.

President Roland Collins of the sponsoring Eskymo Fan Club asked all parents to report at the north gate of the field no later than 1:30. Parents will be introduced with their sons on the field and will be guests in a reserved section in the stands.

Lions' Defense Will Test Colts

By The Associated Press
More than 50,000 fans will pack Detroit's Tiger Stadium Sunday to discover what happens when an irresistible force — the Baltimore Colts — meets an immovable object — the Detroit Lions.

The game is for first place in the National Football League's Western Conference and highlights a full seven-game schedule.

The Colts have won five straight since an opening game defeat and are the only team in the league with more than 200 points — 203, to be exact. The high-powered offense is keyed to quarterback Johnny Unitas, the NFL's top passer, and halfback Lenny Moore, the scoring leader with 60 points.

The Lions, on the other hand, are only 10th in scoring but their staunch defense has yielded only 71 points, by far the best mark in the circuit. Detroit has a 4-1-1 record so the winner will be all alone atop the West.

Milt Plum will have to go the route at quarterback for the Lions. Earl Morrill, who had just about won the No. 1 job, broke his collarbone last week. If anything happens to Plum, flanker back Terry Barr has been prepped to take over. Colt fullback Jerry Hill, who sat out last week's victory over Green Bay, is still doubtful with a knee injury.

Other games find Dallas (14-1) at St. Louis (4-1-1), New York (14-1) at Cleveland (4-1-1), Philadelphia (3-3) at Pittsburgh (3-3), Minnesota (3-3) at San Francisco (2-4), Chicago (2-4) at Washington (1-5) and Los Angeles (3-2-1) vs. Green Bay (3-3) at Milwaukee.

The NFL's Eastern co-leaders, Cleveland and St. Louis, have home games against also-rans who could bust loose on any given Sunday.

The Browns face their arch-rivals, the New York Giants, and the defending Eastern

champs would like nothing better than to deal the Clevelanders a setback. As he has been every week, Y. A. Tittle is about due for a big game. And for the first time in years, Jimmy Brown can face the Giants without having to worry about his old nemesis, Sam Huff.

Dallas takes its super-charged offense to St. Louis. Halfback Don Perkins is one of the league's best while quarterback Don Meredith has a wealth of gifted receivers. That should make it an interesting afternoon for the Cards' pass defense, headed by Pat Fischer, who is tied for the individual interception lead with five, including two touchdowns.

Los Angeles and Green Bay will be trying to stave virtual elimination from the Western race. The loser will be hard-pressed to make up ground on the leaders with half the season over.

Celtics Grab Early Lead

By The Associated Press
Let baseball have its tight pennant races. The Boston Celtics, who believe in doing things the easy way, are all alone atop the National Basketball Association's Eastern Division today after only one week of play.

Of course, it's not a very big lead — yet. But the Celtics, shooting for their seventh straight NBA championship, made it two victories in a row Thursday night with a 104-102 triumph over Detroit.

In the second game of the doubleheader at Philadelphia, the Baltimore Bullets turned back the 76ers, 138-135, in overtime.

Sam Jones' short jump shot with 36 seconds left carried the Celtics to victory after the world champs had blown a 15-point lead in the last period. Reggie Hardin's three-pointer with 51 seconds left tied the score and set up Jones' winning shot.

As usual, the Boston attack was well-balanced. Jones scored 23 points, John Havlicek added 17 and Bill Russell, Tom Sanders and K.C. Jones had 14 apiece. Detroit's Ray Scott took game honors with 27.

Philadelphia held Baltimore's big Walt Bellamy to a meager four points, while Don Ohl and Gus Johnson chipped in with 37 each and Chailey Howell added 24.

Hal Greer, Philadelphia's top marksman with 29 points, had sent the game into overtime with a goal that tied the score in regulation time at 126-121.

Dave Gambee added 28 points for the losers.

EYE APPEAL: The pleasing exterior of this clapboard-Colonial explains why this type of house always gets a

second look from passersby. It seems to imply that the occupants are people of good taste.

Colonial Dignity, Charm

By ANDY LANG

Any public preference which lasts from generation to generation must be based on solid value. The continued popularity of the two-story Colonial house is a prime example of this truism. It ranks high in the estimation of home buyers because it presents a dignified but homely appearance

and because it gives a large family a lot of house to fit a moderate budget.

The latest House of the Week fits into this concept. Designed by architect William G. Chirgott, the exterior exudes old-time charm with its pleasing combination of narrow clapboards, red cedar shingles and low-pitched as-

phalt shingle roof. For the large family, it has a total of 2126 square feet of habitable area on two floors, yet the over-all dimensions are a modest 63' 6" by 27' 10". Four bedrooms and 2½ baths make it a home that would be hard to outgrow.

The traffic layout is excellent. It is possible to enter the front door and go directly to the family room and kitchen without crossing the living room or dining room. A large and impressive main foyer is the key to the efficient circulation, so that traffic is dis-

tributed effectively throughout the first floor area and the second - floor bedrooms. All rooms have wall areas well suited to various furniture arrangements.

More than 15 feet of width across the back of the combined kitchen and dinette provide sufficient accommodations for the entire family. The U-shape of the kitchen work area is arranged for step-saving convenience, as well as providing a maximum of counter top room and cabinets in a minimum amount of space. The two windows provide plenty of natural light and air, besides affording a clear view of the backyard. Also, there is a connection between the kitchen-dinette and the two-car garage.

A few steps away is the laundry room, with a rear access for the children to get rid

of mud and dirt that otherwise might be tracked throughout the house. A lavatory and a family room complete the back-of-the-house layout. The modern lines of the fireplace, with its paneled walls, dominate the rear of the family room. Because of the size and location of this room, the formal areas of the house are free from traffic.

At the front, the living room and the dining room are at either side of the foyer; the living room with two separate windows, the dining room with a double window. An attractive staircase leads directly from the foyer to the bedrooms. Of special interest is the open, spacious stairwell which eliminates any feeling of congestion on the second floor.

All four bedrooms have cross-ventilation and are liberally supplied with closets. The master bedroom has a private full bath with a stall shower and an angular, full-wall mirrored vanity. The other bathroom is split, with the lavatory in an outer section.

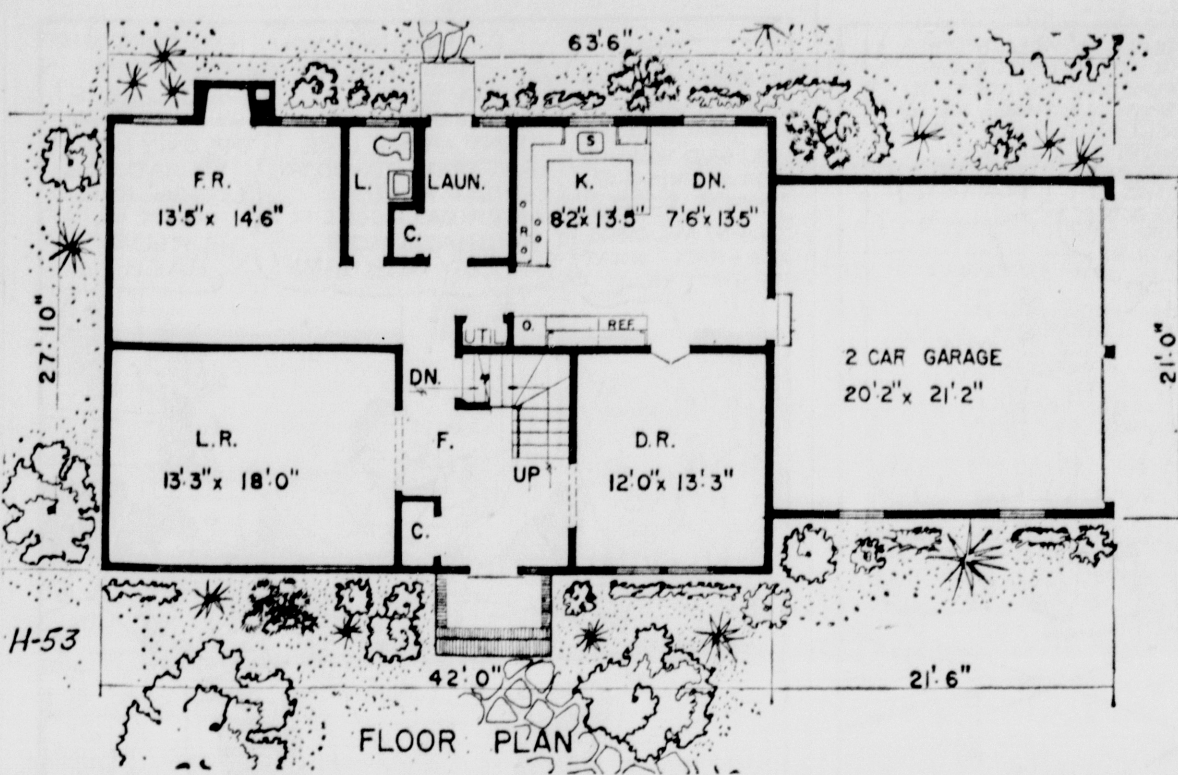

For cost-saving, Design H-53 is rectangular, characterized by maximum use of every square foot of floor space. There is a full basement which can be developed to the owner's taste for recreational purposes.

Phoners Pester Christine Keeler

LONDON (AP) — Christine Keeler, the 22-year-old call girl who was a central figure in last year's Profumo scandal, had a point in objecting to publication of her telephone number, says the British Press Council.

The council, government-sponsored guardian of newspaper ethics, said it "deplores the action of the Daily Sketch" in printing the number. Miss Keeler's attorney complained to the council. He said after the number was published, Miss Keeler received "a constant stream of abusive calls."

FLOOR PLANS: There's a lot of living space—2126 square feet of it—on the two floors of Design H-53, with the four-bedroom second floor highlighted by an open stairwell and two large bathrooms.

Learn Layout Of Plumbing

AP Newsfeature

Wouldn't it be nice if you could always get a plumber quickly every time you needed one?

No use kidding yourself. You can't. It isn't always the plumber's fault, either. He can't help it if a pipe in your house springs a leak while he is out on another job or away for the weekend or otherwise unavailable. Of course, there are some persons who have other ideas about why it is so difficult to get a plumber for a small house job that isn't likely to be too lucrative, but that's another story.

The point we'd like to get across now is that there are times when you can't get a plumber when you need him, regardless of the reason. That's the time you'd better know something about the plumbing system in the house. Most es-

pecially, you should know the location of every water valve so that you can shut off the proper one in case of an emergency.

In some houses, there is a shut-off valve for every plumbing fixture, usually close to the fixture itself. But in most others, one valve takes care of two or more fixtures. Every house has a main valve by which all the water can be shut off.

The man of the house very often knows where the main shut-off valve is, but is a little fuzzy about which of the oth-

er valves control which lines. Even if he knows the location of every valve, and which line it is on, he makes the common mistake of keeping the information to himself. The result is that when an emergency occurs during his absence, nobody else in the house has any idea of how to shut off the water.

Progress Lags In Agriculture

EAST LANSING (AP) — If progress in agricultural science had stopped in 1956, Americans would be starving by 1975, a Michigan State University agriculturist said Thursday.

To feed the increasing population, the nation would have needed 200 million more acres of cropland—which it doesn't have—in the next 10 years, said L. M. Turk.

Turk said, though, that rising productivity from agriculture's scientific advances will take care of feeding the nation.

Average wheat production, for example, was 34 bushels an acre from 1959 to 1963 in Michigan but by 1980 that average likely will be 48 bushels, Turk said.

With corn, the average was 62 bushels an acre during 1959-63, but scientists estimate the Michigan average will jump to 96 bushels by 1980, Turk said.

Agriculture science also is helping animals produce more. "The average American dairy cow is producing 2,000 pounds more milk than she did 10 years ago," he said.

Adult Classes Start Monday

Adult Education classes in ceramics and knitting will begin at Gladstone High School Monday at 7:30 p. m.

The beginners knitting class will be held in room 408 under the direction of Mrs. Lillian Greene. Those planning to attend are asked to bring knitting needles and practice yarn as well as the class fee.

Don Saykily will instruct the ceramics class which will meet in the art room.

The course in Humanities will definitely be offered and will meet in the near future to discuss procedure and set a time schedule.

Registrations may be made at the beginning of the courses or will be taken at the office of the superintendent in the James T. Jones School.

JUDY STENAC, daughter of Mr. and Mrs. Michael Stenac, 502 N. 11th St., left last week for Washington, D.C., where she has accepted a secretarial position with the Federal Trade Commission. Miss Stenac, a June graduate of Gladstone High School, was graduated Sept. 25 from secretarial school at Northern Michigan University.

Briefly Told

Gary Pardee, Rte. 1, Ensign, was ticketed by State Police of the Gladstone post Thursday for having no registration plates.

The Gladstone Fire Dept. was called at 3:15 p. m. Thursday to Mush's Bar to extinguish a fire which was confined to the walls in the front part of the building. Firemen reported the fire was probably caused by soldering work being done on the heating system. Marvin Erickson is proprietor of the business.

CELEBRATING four million consecutive accident-free hours, Harnischfeger Corp. and its employees at Escanaba marked the occasion with a gift of \$5,000 to St. Francis Hospital. Pictured (from left) are John Haines, assistant administrator, St. Francis Hospital; Del Schmidt, Employers Mutuals of Wausau vice president; and Henry Harnischfeger, corporation president, presenting the check to Haines. (Daily Press Photo)

Harnischfeger Safety Record Aids Hospital

Harnischfeger Corp. employees were surprised and pleased to learn Thursday that their achievement of 4,000,000 consecutive accident-free hours has benefitted the entire Escanaba area as well as themselves.

Corporation President Henry Harnischfeger announced at an employee assembly that the company is contributing \$5,000 to St. Francis Hospital on behalf of the employees here. The contribution was made, President Harnischfeger said, as a tribute to the outstanding achievement of the employees in reaching the safety mark.

Hospital Associate Administrator John Haines accepted the gift for the hospital and said that the money would be used to purchase new beds for the hospital's first floor. The 22 new beds, Haines said, will be an important addition to the remodeling program now underway.

A bronze plaque will be placed in the hospital lobby commemorating the achievement. The plaque will be engraved: "The first floor beds were presented this hospital by the Harnischfeger Corporation on behalf of its Escanaba employees as a tribute to their outstanding achievement of four million consecutive hours without a lost time accident on September 23, 1964."

Make Safety Work

The announcement was made at a ceremony held at the truck crane plant to honor the achievement. Del Schmidt, resident vice president of Employers Mutuals of Wausau, presented the corporation with a four million hour award plaque from his company. Employers Mutuals is Harnischfeger's industrial insurance carrier.

Schmidt pointed out in his address that it takes good management combined with an effective labor committee to make safety really work.

"It isn't just good luck that produces a record of over four million man hours in heavy industry," he said. "Our own

experience has demonstrated that accident control is most successful where management is most progressive. Quality accident control goes hand in hand with quality engineering, quality operating practices, quality employee relations—and always—quality products."

General works manager Joseph G. Surmacz, who accompanied Harnischfeger to Escanaba, also congratulated the employees and expressed satisfaction that the safety marks accomplished here will benefit the entire community. We hope he said, that the safety record you have achieved here will continue to offer rewards to both the company and community.

Hope For Growth

The company's safety string, which started on July 17, 1962, has now reached 652 consecutive days without a lost-time accident. A six man safety committee works with the supervisory staffs of Escanaba plant manager Raymond O. Fish and welder plant superintendent Jack Williams to maintain an effective accident prevention program.

President Harnischfeger described the 4,166,000 consecutive accident free hours as truly a remarkable record "that demonstrates the ability of our employees to cooperate in the accomplishment of our safety goals." In presenting the check to Haines, he said:

"Use this gift where you see fit, and we hope it will help the hospital grow, along with the community, and we hope that Harnischfeger Corp. will grow along with it."

Among those present for the event was Dr. Carl Olson, chief of the medical staff of St. Francis Hospital.

Infant Daughter Of Meyers Family Taken By Death

Denise Ann, infant daughter of Mr. and Mrs. Stanley Meyers of Bark River, died at 8 a. m. today at St. Francis Hospital several hours after birth. Surviving, besides the parents, are three brothers, John, Greg and James, and the grandparents, Mr. and Mrs. Frank Korzla. The mother is the former Cora Korzla.

The body of the infant was taken to the Boyle Funeral Home, Bark River. Services will be held Saturday at 2 p. m. at St. George's Church, Bark River, with the Rt. Rev. Msgr. Joseph J. Dunleavy officiating. Burial will be in Bark River Cemetery.

Board Endorses Miss Solomonson

The Board of Education of the Norway-Vulcan Area Schools today unanimously endorsed the candidacy of Miss Ellen M. Solomonson for a two-year term of the State Board of Education.

Miss Solomonson is currently serving as secretary of the Board of Education of the Norway-Vulcan Area Schools and has 40 years of experience as a classroom teacher. Miss Solomonson has served as president of the Michigan Education Association and for the past few years has been active in the affairs of the Michigan School Boards Association. She is active in civic affairs in the Norway-Vulcan area and currently is serving as president of the Women's Club and co-chairman of the United Fund drive. She is secretary of the Recreation Association.

Romney Pushes Action On Gas

Governor Romney has requested early action on applications before the Federal Power Commission to speed up the possibility of natural gas being piped into Michigan's Upper Peninsula.

In a telegram sent late Thursday, Romney asked Joseph C. Swidler, chairman of the Federal Power Commission, for early action on applications pending before the commission of Michigan Consolidated Gas Co. and Northern Natural Gas Co.

"Early action on these applications is imperative to the economy and growth potential of the area," Romney wired. "I urge you to proceed as promptly as practicable for the consideration of both projects."

Romney also directed Peter Spivak, chairman of the Michigan Public Service Commission, to travel to Washington to meet Federal Power Commission representatives on consideration of these important applications.

Romney this week also cited a recent contract signed by Northern Natural Gas Co. and Cleveland Cliffs Iron Co. of Ishpeming for the purchase of this potential gas as "another step forward in the economic development of the Upper Peninsula."

"The availability of gas should permit a number of activities and developments which have been handicapped because of the lack of this fuel, and should also be beneficial to consumers," Romney said.

Area Bankers Hold Meeting

Sixty-seven bankers from 41 banks in the area from Manistique to Marinette attended the Lake States Chapter of the Association for Bank Audit, Control and Operation open house in Escanaba at the House of Ludington Wednesday.

Fred Hahne, president, First National Bank of Manistique, discussed the history of the NABAC and the advantages and benefits received by its members. "Shop talk" discussion of various phases of banking was also part of the session.

L. S. M. Altobello, vice president and cashier of the First National Bank of Escanaba, reported that the NABAC is the world's second largest professional banking association and is celebrating its 40th anniversary.

Hospitality nights are being held by the Association throughout the country this month. Altobello is president of the Lakes States Chapter of the NABAC and other officers include August Brazeau, assistant cashier of the First National Bank of Escanaba, treasurer; and Francis D. Menacher, cashier of the Bank of Stephenson, secretary.

Directors of the association include Fred Hahne of Manistique, and W. J. Noreus, cashier of the First National Bank of Gladstone.

Next meeting of the Association will be at Iron Mountain on Nov. 10.

Truman Recovers

INDEPENDENCE, Mo. (AP)—Harry S. Truman is back home in Independence after nine days in a Kansas City hospital. The former president, who is 80, suffered a cut over his right eye and broke two ribs when he fell in the bathroom of his home Oct. 13.

LBJ, Romney Win Youth Vote

Never let anyone discount the power of a sheriff—political that is.

Delta County Sheriff Clarence A. "Cully" Johnson is the most popular vote-getter among students of Escanaba Area High School. Sheriff Johnson, Democrat, polled 669 votes in the mock election at the school Thursday to lead his party.

Compared to Sheriff Johnson's 669 votes, President Johnson received 596.

There was considerable vote-splitting by the Democrats to cast ballots for Republican Gov. George Romney, the results of the mock election show.

Gov. Romney ran way ahead of his party, polling 405 votes compared to 218 for Barry Goldwater, the GOP presidential candidate. Staebler, Democratic candidate for governor, polled 395.

Except for Democratic defection to vote for Gov. Romney there was consistently strong Democratic support for the entire Democratic ticket—with Sheriff Johnson hitting the jackpot as the popular candidate.

The students also favored about 3 to 1 the so-called Massachusetts ballot and the levying of 1/2 mill for bridge repair and replacement in the county.

As in politics among adults, not all of the students registered to vote, and not all of those registered cast their ballot.

Of the 1244 students enrolled in the Area High School, 1044 registered to vote—but only 855 voted in the mock election.

Hydro Driver Praises Bay

Unlimited hydroplane driver Col. Warner Gardner today called Little Bay de Noc waters "ideal" for the staging of an unlimited hydroplane boat race.

"The conditions are perfect, if the water stays the same as it is now," Gardner said this morning. "There is no reason an unlimited race couldn't be staged here."

Gardner, driver of Mariner Too, a 30-foot long monster powered by a 2,000 horsepower Rolls Royce aircraft engine from a World War II vintage P-51 fighter plane, arrived in Escanaba yesterday for test runs in connection with plans for holding an unlimited hydroplane race here next summer.

The Mariner Too was scheduled to be put into the water early this afternoon with trial runs expected to begin about 2 p. m. Runs about 4 p. m. are also planned.

Water conditions are critical for unlimited racing. The boats reach speeds upwards of 160 miles per hour on the straightaways and choppy water is dangerous to run in.

A four to six inch surface wave is preferred by drivers, Gardner said.

Jim Harrington, owner of Mariner Boat Co., of Detroit, Mich., arrived in Escanaba by plane this morning to witness the test and discuss race arrangements.

The Bay de Noc Regatta Association, a group of local citizens, is attempting to promote an unlimited race as part of a tourist program next summer.

Gardner said the three mile long race course would probably be laid out with the main straightaway running parallel to the Escanaba Municipal dock and the starting line near the Coast Guard light house off Sand Point.

Sen. McNamara Is Here Today

U. S. Senator Patrick McNamara and Mrs. McNamara, who have been touring in the Upper Peninsula were scheduled to arrive at the House of Ludington at 3 p. m. today and stay overnight.

The senator addressed a Democratic meeting at Marquette Wednesday night and he and Mrs. McNamara visited at the Copper Country, of which she is a native. No public meeting was scheduled for the senator here.

Building Rite

SAULT STE. MARIE—Gov. George Romney will lay the cornerstone here Saturday for a new chemistry, physics and mathematics classroom building on the Sault Ste. Marie Branch campus of Michigan Tech at 3:30 p. m.

The \$750,000 classroom structure is the first building to be erected on the campus since the branch took over Fort Brady in 1946.

Vienna's historic coffee houses, last havens of leisure, are no longer paying.

INSTRUCTION in the use of voting machines was part of the experience gained by students of Escanaba Area High School in the mock election completed Thursday. Pictured (from left) are Connie Biehler and Bonnie Hay, election chairman. (Daily Press Photo)

Mental Health Programs Posing Next County Tax

The Upper Peninsula Adult Mental Health Clinic, board meeting Thursday at the Hotel Northland, Marquette, asked the board of Upper Peninsula Child Guidance Clinic to confer with it on implementation of Act 54 of the Michigan Legislature.

The Act is a broad new overall control system for Michigan's public mental health program. It is now in a 5 year period of grace which will end with the phasing out of government aid to the present public mental health programs which are not government-sponsored. The Upper Peninsula's present organizations providing aid to disturbed children and adults in the Child Guidance Clinic and Adult Mental Health Clinic are not government-sponsored, except that the State Department of Mental Health provides their professional staffing, or most of it.

Under Act 54 County boards of supervisors of the state will create community service boards which will appoint an agent responsible for all the functions of the state's mental health program in the county.

This prospect — unless the Legislature should amend it because of the large costs projected for the counties — is that in addition to the adult and child mental health services now provided in some U. P. counties, there may be other services like the training of non-educable but trainable retarded children, etc.

U. P. counties are beginning to move into increased expenditures for mental health, but they are only getting their toes wet compared with the prospects of need in the expanded program envisioned by the State Department of Mental Health under Act 54.

The Marquette Board of Supervisors, for instance, gave the Adult Mental Health Clinic \$1,450 this year but has budgeted \$7,500 for it next year. Delta County, which uses the services of this Marquette-based agency which offers its services to all U. P. counties, this fall made a substantial contribution for the first time. The Delta County Board of Supervisors appropriated \$500 for the clinic in its 1963 budget.

But estimates of the Marquette County share of full program under Act 54 ran as high as \$100,000 a year.

Four counties in the Copper Country have withdrawn from the U. P. Adult Mental Health Clinic and are setting up their own area mental health program under Act 54 with headquarters in the Rice Memorial Clinic, Probate Judge Joseph Donnelly of Houghton County has resigned from the U. P. Adult Mental Health Clinic Board in order to devote himself to the Copper Country Clinic.

Iron County and Dickinson County have been exploring

Obituary

JAMES FARRELL

Funeral services for James Farrell were held at 9 a. m. today at St. Joseph's Church with Father Jordan Telles, O. F. M., officiating. Burial was in Gardens of Rest Cemetery. Honorary pallbearers, Third Degree Knights of Columbus, were William Planksky, Al Provencher, John McCarthy Sr., S. E. Decker, John Dishno and Henry Grenier. The active pallbearers were Matt Lewis, Andrew Nelson, Harry Perras, Fred Engdahl, Martin Vandenberg and Peter Terrian.

the possibilities of uniting in the creating of a mental health district under Act 54.

Delta, Alger and other mid-U. P. counties appear inclined to ally themselves with Marquette County's efforts to provide area service to all counties not affiliated with some other mental health service program.

Marquette's adult mental health clinic has served patients who come 70 per cent from Marquette. The new state director of mental health has announced that present state aid to county mental health services is not in jeopardy but he left no doubt that the department was moving toward statewide implementation of the act.
